

Whittier CA - Nuclear-Free-Future WILPF meeting, January 21, 2016

The first stop on the West Coast WILPF Nuclear-Free-Future Tour was a meeting with the WILPF Branch in Whittier, California on January 21, 2016. From there to San Diego to Seattle, they promoted HR-1976, the “Nuclear Weapons Abolition and Economic and Energy Conversion Act” of 2015-16 – <http://prop1.org>

Carol Urner’s table full of “notes” came to life as she spoke about the growing support for a nuclear weapons ban treaty, about the Marshall Islanders’ lawsuit calling for nuclear weapons abolition, the Kellogg-Briand Pact and Nuclear Nonproliferation Treaty which require it, about Reaching Critical Will, WILPF’s United Nations outpost, about Mayors for Peace, and World Beyond War.... See <http://prop1.org/wilpf/2016/resource.list.nff.pdf>

- Petition signers at the meeting, for Representatives Linda Sanchez, Dana Rohrabacher, and Ken Calvert:

Charrell W. Charlie, Scott Ratigan, Holly Overin, Teresa Moore, Linda Terrazas, Sabron R. Newton, Alene Burke, Christina Nielsen, Ryan Urzua, Sheila Hartfield, Beverly Findlay, Katya Murillo, Roberto Perez

PETITION TO THE LEGISLATORS OF THE NUCLEAR WEAPONS STATES AND TO THE AMBASSADORS TO THE UNITED NATIONS

Please support the "Nuclear Weapons Abolition and Economic and Energy Conversion Act," HR-1976 in 2015-16
Introduced into U.S. Congress every session since 1994, by DC Congresswoman Eleanor Holmes Norton

We, human beings threatened with and burdened by nuclear weapons, HEREBY call upon the LEGISLATORS of ALL NUCLEAR POWERS to jointly codify the following commitments:

- (1) Disable and dismantle all nuclear warheads, and refrain from replacing them with any weapons of mass destruction (such as biological, chemical, or depleted uranium) at any time;
- (2) Use recent levels of nuclear weapons program resources to
 - (a) convert all nuclear weapons industry employees, processes, plants, and programs smoothly to constructive, ecologically beneficial peacetime activities, including strict control of all fissile material and radioactive waste pursuant to international agreement, and
 - (b) redirect those resources into human needs such as developing carbon-free, nuclear-free energy sources, health care, education, housing, agriculture and environmental restoration (for example, build solar panels and windmills instead of missiles and bombs);
- (3) Undertake vigorous GOOD FAITH effort to eliminate war, armed conflict, and all military operations;
- (4) Actively promote policies intended to induce all nations on earth to join in these commitments for peace on earth.

UNITED NATIONS AMBASSADORS, U.N. Plaza, New York, NY 10017, USA: PLEASE encourage ALL nuclear powers to PROMISE, "Yes, WE'LL GET RID OF ALL OUR WEAPONS OF MASS DESTRUCTION IF EVERYONE ELSE DOES." (Don't quit until the job is done!)
