PETITION TO THE U.S. PRESIDENT AND THE U.S. SENATE
Support the Nuclear Weapons Ban Treaty

I am committed to a world without nuclear weapons. I endorse the U.N. Treaty on the Prohibition of Nuclear Weapons adopted by 122 countries on July 7, 2017. As a citizen or resident of the United States, I call upon the President to sign and the Senate to give its consent to ratify this treaty. In addition, I call upon you to safely and speedily remove all U.S. nuclear weapons from all foreign sites, wherever they are stationed or deployed.

Further, I call on you to lead the way to negotiate the total elimination of nuclear weapons, and to redirect current and planned nuclear weapons spending to human and environmental needs.

Background - The use of nuclear weapons, either intentional or accidental, will cause untold suffering to millions of people and may be a threat to the existence of humankind. The United Nations Treaty on the Prohibition of Nuclear Weapons is a legally binding treaty to eliminate nuclear weapons. The treaty prohibits, among other things, the possession, use or threat of use of nuclear weapons. (To see the Treaty: <http://undocs.org/ACCONF.229/2017/81>)
